DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 8 is vague and indefinite since it is unclear if a range between 30 to 50% is claimed. Note that the 50% is over at least 30%.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 1, 10-13 are rejected under 35 USC §102(a) in view of Hoeft et al. This rejection is set forth in the prior Office action paper number 7.

Claim Rejections - 35 USC § 103

4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

5. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 2-9 and 14-16 are rejected under 35 USC § 103(a) in view of Hoeft et al. This rejection is set forth in the prior Office action paper number 7.

Response to Arguments

6. Applicant's arguments filed on March 11, 2003 have been fully considered but they are not persuasive.

7. Applicants argue that Hoeft et al. do not read on the claims, because claim 1, as it is now claimed, is directed to a product with only one embossed ply and Hoeft et al., teach a multi-embossed plies product. This is not convincing, because the claim, i.e., claim 1, recites only one embossed ply made of creped cellulose product. Claim 1, recites "... comprising no more than one embossed ply made of creped cellulose ..." The latter statement does not limit the claim(s) to have just one embossed ply, but to have one creped, embossed ply. Therefore, the cited reference reads over the claims, as claimed.

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period

Art Unit: 1731

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
